ActiveScale Cloud Object Storage System
Technology Alliance Partner
Software Compatibility Guide

October 2018

About this Guide

This guide provides information related third-party independent software vendor (ISV) applications that are compatible with Western Digital ActiveScale™ Cloud Object Storage System software OS 5.x and HGST Active Archive System Software 4.x.

The Western Digital Technology Alliance Partner Compatibility Index is not an endorsement of Technology Alliance Partner products, and no warranty of the products is either expressed or implied.

Western Digital Technology Alliance Partner Program

Members of the Western Digital Technology Alliance Partner Program provide software solutions that integrate with ActiveScale Object Storage Systems. With a certified integrated solution, users can be confident that:

- The integration with member applications has been tested and certified as functionally and technically sound.
- The integration operates and performs as documented.
- The combined certified solution simplifies deployment and helps accelerate time to value.

For information related to specific testing and results, please contact Western Digital by email at alliances@wdc.com.
