Getting Started for Connect Wireless Stick

Plug the SanDisk Connect™ Wireless Stick into a computer or USB-AC adapter to ensure that it’s fully charged. A full charge can take up to 2 hours. Device cannot be connected using a USB cable.

Download and install the SanDisk Connect app on your mobile device. SanDisk® has many apps available, so please ensure you select the correct application, matching the icon image shown here.

Apps are available for iOS, Android and Kindle devices

Connect to Wireless Stick Wi-Fi network:

“SanDisk Connect ######”

iPhone, iPad or iPod touch
Connect to the Wireless Stick Wi-Fi network through the device settings:
Click on the Settings icon > Click on Wi-Fi > Select “SanDisk Connect ######”

Android™ devices
Skip to Step 5. You will select your Wireless Stick Wi-Fi network through the app.

PC
Connect to the Wireless Stick Wi-Fi network through the PC network settings.

Launch the mobile app. On a PC/Mac, use a web browser and go to: www.sandisk.com/myconnect

NOTE
SanDisk continuously improves our user experience with bug fixes and enhancements. The SanDisk Connect mobile app may notify you that a new firmware is available. The app will also provide any instructions to update firmware. It is always recommended to update to the latest firmware version.

NOTE
A complete user manual is available online at http://kb.sandisk.com/app/answers/detail/a_id/17367
