

# SanDisk® X110 and X210 SSD Warranty Guidelines

## Warranty information for SanDisk X110 and X210 Storage Solution Devices (SSDs)

Applicable to part numbers SD6SB1M-xxxG-1022i, SD6SF1M-xxxG-1022 and SD6SB2M-xxxG-1022i where xxx = 032, 064, 128, 256, or 512.

### SanDisk Limited Warranty for SanDisk X110 and X210 SSDs

This warranty ("Warranty") is provided by SanDisk Corporation and its applicable subsidiary ("SanDisk"), and only applies to the SanDisk X110 and X210 SSDs (each, a "Product"). Each Product is intended only for professional enterprise use and should not be used by consumers or households.

SanDisk warrants to the original purchaser of this Product, that this Product, excluding content and/or software (if applicable) supplied with or within the Product, will be free from material defects in manufacture, will conform to SanDisk's published product specifications and be fit for normal use during the applicable "Warranty Period" specified below.

To make a warranty claim, please contact the distributing or reselling party from which the purchase was made ("Reseller") within the Warranty Period and provide proof of purchase and the returning party's original purchase status (showing date, place of purchase and name of the Reseller as applicable) and product name, type and number. Only the original purchaser is entitled to exercise the Warranty, and such original purchaser must return the Product at its expense following the guidelines listed by the Reseller, including a detailed statement of the problem sufficient to readily reproduce the problem. A return may be required to another country other than the country in which the original purchaser is located. The original purchaser must ensure to the extent possible that all data is removed from the Product, and if it is not the case that all data is or can be removed, the original purchaser shall indemnify, defend and hold harmless SanDisk and the Reseller for any possible liability associated with the potential presence in the returned Product of sensitive and/or personal data, regardless of whether this data relates to the original purchaser or any other third party.

If this Warranty covers a returned Product, the returned Product may be repaired, or an equivalent product to the Product may be made available by the Reseller to the original purchaser. The previous sentence describes the sole and exclusive remedy available in the event this Warranty covers a returned Product.

This Warranty does not cover any damage to this Product which results from accident, abuse, misuse, natural or personal disaster, or any unauthorized disassembly, repair or modification. A Product will be considered to have a material defect or to be materially defective only if such Product does not meet the stated design lifetime (up to the applicable Warranty Period) and is returned to the appropriate location within the Warranty Period and subject to applicable performance threshold information contained in the Product's SanDisk data sheet. It is possible for a drive to be used under conditions which cause the media to wear out (and the Warranty to expire) prior to the expiration of the stated time period in the Warranty Period, as specified in the applicable endurance specification linked below.

SanDisk shall not be liable for (a) any incidental, indirect, special, exemplary, punitive or consequential damages, including but not limited to loss of profits and/or loss of data, other loss, damage or expense directly or indirectly arising from any defect or inability to use the Product or poor performance, either separately or in combination with other equipment, regardless of whether SanDisk or the original purchaser has been advised of the possibility of such damages, nor (b) any amounts in the aggregate in excess of the purchase price paid for the applicable Product(s). SanDisk is not liable for and does not cover under warranty, any costs associated with servicing and/or the installation of SanDisk products, including the Product. This Warranty sets forth the entire liability and obligations of SanDisk with respect to defects, breach of warranty or any other failure to perform or meet specification associated with any Products.

# SanDisk® X110 and X210 SSD Warranty Guidelines

SanDisk products, including the Product, must not be used in applications where failure could threaten injury or life, such as aviation, automotive, nuclear, medical or life support systems (or any other form of ultra-hazardous applications), and under no circumstances shall SanDisk have any Warranty or other obligations arising from any such Product uses.

## **Disclaimer**

THE WARRANTY STATED HEREIN IS THE ORIGINAL PURCHASER'S SOLE SOURCE OF WARRANTY RIGHTS ASSOCIATED WITH PRODUCTS, AND IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED OR STATUTORY, INCLUDING, WITHOUT LIMITATION, WARRANTIES OF FITNESS FOR PARTICULAR PURPOSE, MERCHANTABILITY AND NONINFRINGEMENT, ALL OF WHICH ARE HEREBY DISCLAIMED. NO WARRANTY RIGHTS ARE GRANTED TO ANY PARTY OTHER THAN THE ORIGINAL PURCHASER OF THE PRODUCT. THE LAWS OF CERTAIN JURISDICTIONS MAY CONFER OTHER RIGHTS WHICH ARE NOT AFFECTED BY THIS WARRANTY.

## **Warranty Period**

The "Warranty Period" referred to above is:

Five (5) years from the date of delivery of the Product, provided the Product conforms to and is used in accordance with SanDisk's applicable product data sheet and product endurance specification.
